

Mphasis Technical HR Interview Aptitude Questions

MPHISIS PAPER ON 21st JULY AT CHENNAI

Hi friends me got thro in mphasis an EDS company on 21st july 2007 it was an one day process. the procedure started nearly at 10AM. The Hr gave us a ppt about the company watch keenly, ur hr questions mostly related to ppt only. the interview procedures starts with written test ,ppt,gd,tech and hrU must have above 60% from ur sslc to ug r pg

written test : contains totally 60 questions

English-15

Mathematics-25

Technical-20

please concentrate on tech questions bcoz it ll help u most during the selection process no sectional cut offs but technical cut off ll be considered. Nearly 450 students attended the written and 206 cleared

After GD 90 students are shortlisted and am also one among them before mphasis i attended gd in accenture and eliminated so till my name read out i was in fearThe topics given r very easy to all batches and an average of 4 students are selected from each batch. If u r crossed the GD then there is nothing to worry after that just ur confidence matters

Technical hr is easy only very basic questions and simple programms are asked mainly from networks and c++. Hr is nothing just they r testing ur communication que like

- 1.about ur background
- 2.about company
- 3.place and duration of training
- 4.bond

AT 2.30 am all the procedures are finished and results r announced at 2.50. oh god me got selected thanks alot for everyone, thanks mom ,thanks dad,

ALL THE BEST MY DEAR FRIENDS

J. Krishnaraj
